

**Spray
Nine**[®] Brand

GLASS & STAINLESS STEEL CLEANER

**Fast Acting,
Streak-Free Formula!
Cleans and Shines
Glass & Metal**

Powerful

Cuts through soils that ordinary glass cleaners can't touch! Just spray on with our foaming nozzle and wipe away unsightly soils with ease. The premium blend of ammonia and surfactants powers off dirt, smudges, light grease and oil, fingerprints, smoke haze, water spots, dust and road film.

Versatile

Restores glass, stainless steel surfaces including tabletops, countertops, refrigerators and metal appliances/fixtures to a streak-free, crystal-clear shine. Use on windows, mirrors, windshields, sinks, faucets and more! Ideal for industrial, institutional, automotive, food service and household applications. USDA C-1 rated formula.

Convenient

Easy to apply – the fast-cutting formula clings to vertical surfaces to prevent dripping and streaks. Dries quickly and freshens surfaces with a light lemon scent. Contains no harmful fluorocarbons (CFC's).
